Dear Mr A Vermaak

RE: APPLICATION FOR UNCONVENTIONAL BUILDING METHOD

We have pleasure to advise you that your application for the WML Light Steel Frame building concept has been approved by the Bank. The following conditions will apply.

- In the absence of the NHBRC structural warranty as it applies in S.A. WML Global must provide FNB with the following warranties:
 - 5 year structural warrantee by an independent structural engineer.
 - 12 months warrantee against roof leaks.
 - NSI certification.

FNB is prepared to finance a maximum of 40% affordable houses per development for the Otavi town council project.

We trust that you will find this in order and wish you well with your future endeavors.

Should you have any further enquiries please do not hesitate to contact the writer.

Yours faithfully

**T J Slabbert
Head of Home Loans**
